### *In Her Words:*

**“How have your experiences as a Rhoer prepared you for the challenges and opportunities of college?”**

"The Rhoer Club has taught me a lot in a year. It has shaped me into a confident leader and individual. I have learned how to express my opinions with assurance, understanding that my voice and contributions matter. Whether it's organizing an event or leading discussions, I now can take initiative and trust myself. Leadership isn't just about making decisions—it's about listening and collaborating, which I now do more often. Beyond leadership, the Rhoer Club taught me the value of sisterhood and the importance of supporting other women. A big topic we talked about was 'girl code'—the unspoken understanding that we should uplift one another rather than compete. In a world where women are often undermined, having a strong support network is invaluable. I've learned that true sisterhood is about celebrating each other's successes and creating a sense of belonging.

I will be taking these lessons with me to college. Thanks to the Rhoer Club, I'm ready to embrace college with confidence, leadership, and the strength of sisterhood I've learned to value."
